SUBJECT: FOREIGN PUBLICATIONS: Procurement of Mainland Periodicals

TO: The American Consulate General, HONG KONG

Reference is made to the Department's instruction CA-2464 dated September 14, 1960. The delay in receipt of Chinese Communist periodicals is seriously hampering the exploitation needs of the intelligence community in Washington.

Because of the excellent and successful arrangement made by the Consulate General [REDACTED] in the micro-filming of difficult to obtain mainland newspapers, it is requested that the Consulate General [REDACTED]

[REDACTED] Original copies of such publications are preferred, but microfilms of the periodicals would serve almost as well.

The Consulate General should advise the Department as soon as possible on the feasibility of such an arrangement [REDACTED] An estimate would be appreciated of what publications may be anticipated through this channel, outside of black market items purchased by the Consulate General which are currently being received on a fairly regular basis.
